The relevant dates and timelines for Sancta Maria College admission process are set out in the school's annual admission notice which is published annually on the school's website at least one week before the commencement of the admission process for the school year concerned.

This policy must be read in conjunction with the annual admission notice for the school year concerned.

2. Characteristic spirit and general objectives of the school

Sancta Maria College is a coeducational voluntary secondary school under the trusteeship of CEIST (Catholic Education an Irish Schools' Trust) whose core values are inclusive of the Mercy philosophy of education.

In accordance with S.15 (2) (b) of the Education Act, 1998, the Board of Management of Sancta Maria College shall uphold, and be accountable to the patron for so upholding, the characteristic spirit of the school as determined by the cultural, educational, moral, religious, social, linguistic and spiritual values and traditions which inform and are characteristic of the objectives and conduct of the school.

"Catholic Ethos" in the context of a Catholic voluntary secondary school means the ethos and characteristic spirit of the Roman Catholic Church which aims to promote:

- a) the full and harmonious development of all aspects of the person, including the intellectual, physical, cultural, moral and spiritual aspect
- b) a living relationship with God and with other people
- c) a philosophy of life inspired by belief in God and in the life, death and resurrection of Jesus;
- d) the formation of the pupils in the Catholic faith

in accordance with the doctrines, practices and traditions of the Roman Catholic Church, and/or such ethos and/or characteristic spirit as may be determined or interpreted from time to time by the Irish Episcopal Conference.

Catholic education is therefore a lifelong process of human growth and development which has been at the heart of the Church's mission since Jesus Christ urged his disciples to 'go teach all nations'. The person of Christ is the core of Catholic education.

Sancta Maria College draws on the richness of the religious and cultural heritage of the past, interpreted and lived out for students living in today's world. The charism of founder Catherine McAuley of the Religious Order, Sisters of Mercy who began this school is of very significant importance in the life of the school.

As a CEIST school, Sancta Maria College values teaching as one of the most important of all human activities. Our school seeks to build a quality learning community that welcomes, and bears witness to the Gospel values of Jesus Christ, expressed through the lens of the CEIST Charter. These are encapsulated in the core values which are intended to support and nourish the lives of the people who are at the heart of our schools.

- **Promoting Spiritual and Human Development**
- **Achieving Quality in Teaching and Learning**
- **Showing Respect for Every Person**
- **Creating Community**
- **Being Just and Responsible**

Sancta Maria College is inspired by the words of Jesus Christ to his disciples, "I have come that they may have life and have it to the full" (Jn 10:10). Because of this, Sancta Maria college provides a rich, holistic education in the Catholic tradition where engagement with and development of the whole person; the intellectual, moral, religious, physical, spiritual and psychological are at the core of our practice.

Education has as its goal the formation of a human person who is free, rational and mature in relationships. Sancta Maria College offers educational opportunities which promote excellence so that students can respond responsibly and creatively to their own lives, the lives of others and to the earth, which is our common home.

In Sancta Maria College the dignity and uniqueness of every human being as a child of God is acknowledged and affirmed. The Catholic school is an inclusive community, ideally built on love and formed by the interaction and collaboration of its various components: students, parents, teachers, non-teaching staff and members of the Board of Management. Catholic schools are also outward looking. They are connected to their local parish and Diocese and other local organisations which enrich the life of the school. Our school draws on the rich resources of the local community and, in turn, contributes to the life of the local community.

As a Catholic school, Religious Education is central to our curriculum. Alongside Religious Education, the school supports the formation in faith of our students through many school-based experiences of prayer and ritual. All students' spiritual growth is further enhanced through such areas as sport, language, nature, art, poetry and music.

Mission Statement

At Sancta Maria College, we welcome, care for and support all within the school community through the promotion of:

- Respect
- Being just and responsible
- Quality teaching and learning
- An inclusive community
- Long-life learning

Admission Policy Rationale:

This policy aims to ensure that appropriate procedures are in place to enable the school:

- To make decisions on all applications in an open and transparent manner consistent with the Mission Statement of the School, the admissions policy as defined by the Board of Management and legislative requirements
- To make an accurate and appropriate assessment of the capacity of the school to cater for the needs of applicants in the light of all resources available to it.

Management:

The school is run by a Board of Management comprised of four nominees of the trustees, two teacher nominees and two parent nominees. The School Principal acts as secretary to the Board.

Curriculum:

The school follows the curricular programmes prescribed by the Department of Education which may be amended from time to time, in accordance with Sections 9 & 30 of the Education Act 1998. The following programmes are currently offered by the school:

- New Junior Cycle (including Level 1 and 2 learning programmes)
- Transition Year Programme
- Established Leaving Certificate
- Leaving Certificate Vocational Programme
- Post leaving Cert Programme

The range of subjects and programmes provided by the school may be changed from time to time.

Extra-curricular activities:

To complement the formal curriculum and enhance the holistic development of the student the School provides a wide range of activities including sports, music, personal development and cultural activities.

Voluntary Contribution:

The Board of Management request a voluntary contribution from parents at the beginning of each school year. The school aims to maintain a high standard in all areas of the educational service offered and as there is a significant gap between State funding to schools and the real cost of educating students the school has to rely on voluntary contributions to make up this shortfall.

Such contributions are of great assistance in the maintenance and upgrading of school facilities/resources/services. Further details of the voluntary contribution are contained in the school notifications at the beginning of the school year. This contribution is voluntary and does not represent a registration fee.

Special Education Provision

The school acknowledges the rights of all children to an education, including children who have a disability or other special needs as they relate to education pursuant to the Constitution and the Education Act, 1998, the Education (Welfare) Act, 2000 and the Equal Status Acts 2000 - 2008. Applications from parents/guardians of students with a disability are welcome, provided the school can meet their special educational needs. Sancta Maria College caters for students with general learning disabilities including students with specific learning disabilities such as dyslexia, dyscalculia and dysgraphia. The Board, with consultation from all concerned parties, will decide whether the nature and degree of those needs is such that to enrol the student concerned would be inconsistent with both the best interests of the student and the effective provision of education for the other students with whom the student is to be educated.

In order to ensure that the school can adequately prepare for the child's needs it gathers information in relation to special educational needs from a variety of sources including using school-based data and information from parents and external professionals. These sources include the following:

- Consultation with primary school personnel including the Principal and learning support teacher(s).
- Consultation with parents on receipt of enrolment applications with identified needs.
- 6th Class Report Card – My Profile sheet for children and My Child's Profile sheet for parents
- Using Psychological reports.
- Consultation with NEPS psychologists and other support professionals, with parents' permission.
- Incoming 1st Year students take the CAT4 (Cognitive Ability Test) in September.
- Observation of students on an on-going basis to identify any problems that may occur.
- Ongoing monitoring of assessments.
- Identification from diagnostic tests.

The Continuum of Support provides a framework for school to enable them to identify and respond to students' needs in a flexible way. This process is also supported through engagement with external professionals as required. (See SET Policy)
